Vitamin C

- A balancer designed to overcome the deficiencies typically found in forage and grazing with added ingredients which help to support a healthy respiratory system.
- Helps to maintain the respiratory systems of all horses, including those specifically kept for competition or hard and fast work.
- Includes vitamin C which has been scientifically proven to benefit lung function (Dr Pat Harris 2002).
- Menthol, eucalyptus and aniseed help to keep airways clear of mucus, helping the horse to breathe more easily and dramatically reduces stress levels.
- Contains a high specification vitamin, mineral and trace element package which includes the powerful anti-oxidants selenium, vitamin C and vitamin E, as well as chelated copper and zinc helping to support and maintain a healthy immune system, which in turn maximises the ability to aid healthy lung function.
- High levels of Biotin plus the essential amino acid, Methionine and Chelated Zinc for Healthy Hooves.
- Biotin is included at 12mg/kg.
- High oil content for healthy skin and coat with added Linseed Oil for many Omega-3 benefits including improved skin and coat condition and boost the immune system.
