Glucosamine  
HCl

MSM

Omega-3  
Oils

Antioxidants

- A balancer designed to overcome the deficiencies typically found in forage and grazing with added ingredients which help to support healthy joint function.
- Contains optimum amounts of Glucosamine HCl, MSM and Omega Oils from Linseed Oil to support healthy joint function.
- Glucosamine is a glycoprotein present in joints and is an essential, natural component of ligaments, tendons, cartilage and synovial fluid, the liquid shock absorber, which lubricates and cushions the joints during exercise.
- MSM is a source of organic sulphur, a key component of connective tissue, which is important for cartilage and joint support.
- Glucosamine and MSM work together to help maintain overall joint health, mobility, flexibility and range of motion for comfortable movement.
- Omega Oils 3 and 6 are found in vegetable and marine oils and can not be manufactured by the body, so must be obtained from the diet. These fatty acids help to support the immune system.
- Independent research shows that stride length increases in horses fed Horslyx Mobility Balancer.
- Contains a high specification vitamin, mineral and trace element package which includes the powerful anti-oxidants selenium, vitamin C and vitamin E, as well as chelated copper and zinc helping to support and maintain a healthy immune system, which in turn maximises the ability to aid healthy joint function.

## ANALYTICAL CONSTITUENTS

CRUDE OIL & FATS	6%
CRUDE PROTEIN	6.5%
CRUDE FIBRE	0.25%
CRUDE ASH	23%
SUGAR (expressed as sucrose)	33%
CALCIUM	2.5%
PHOSPHORUS	1.4%
MAGNESIUM	0.4%
SODIUM	2.2%

## COMPOSITION (in descending order of inclusion)

Dehydrated cane molasses, pure vegetable oil, monocalcium phosphate, sodium chloride, prairie meal, calcium carbonate, methyl sulphonyl methane (MSM), glucosamine hydrochloride, magnesium oxide.

## ADDITIVES (added per kg)

### VITAMINS

3a672a Vitamin A (retinyl acetate)	25,000iu
3a671 Vitamin D3 (cholecalciferol)	5,000iu
3a700 Vitamin E (all-rac alpha tocopheryl acetate)	2,000mg
3a312 Vitamin C (ascorbyl monophosphate)	2,000mg
Vitamin B12 (cyanocobalamin)	220mcg
3a880 Biotin	12mg

### TRACE ELEMENTS

3b202 Iodine (from calcium iodate anhydrous)	6mg
3b405 Copper (from copper (II) sulphate pentahydrate)	540mg
3b413 Copper (from copper (II) chelate of glycine hydrate)	60mg
3b502 Manganese (from manganese (II) oxide)	800mg
3b605 Zinc (from zinc sulphate monohydrate)	1080mg
3b607 Zinc (from zinc chelate of glycine hydrate)	120mg
3b801 Selenium (from sodium selenite)	5mg
