

HORSLYX - THE FEED BALANCER IN A TUB

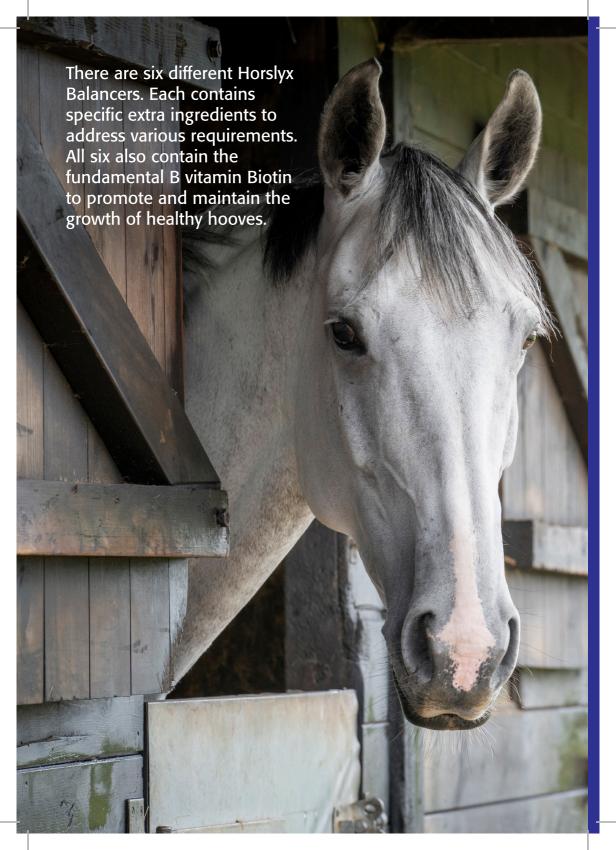

Horslyx Balancers are a unique feed product, formulated to address the deficiencies in forage. They promote a natural trickle-feed approach, which allows the horse to self-regulate and ingest when required. This ensures horses receive an ideal supply of vitamins, minerals and trace elements to support optimum health, vitality and optimise performance.

Horslyx Balancers are licked, which requires patience and promotes saliva production. This saliva naturally buffers stomach acids and helps to lubricate the gastrointestinal tract, leading to better digestion, less stress and a healthier horse.

They are low in starch, low sugar intake and loaded with vitamins, minerals and trace elements.

They are ideal for all equines, whether competition or leisure, stabled or out at grass and are even suitable for those prone to laminitis.*

*When fed correctly

ALL ROUND HEALTH

Horslyx Original Balancer suits all horses, from those on a low-calorie diet to performance horses. It contains linseed oil, which is rich in Omega-3, helping to support healthy skin and a glossy coat while boosting the immune system.

NATURAL FLY DETERRENT

Horslyx Garlic Balancer contains pure garlic oil to help provide a natural and effective way to combat biting insects during warmer months.

FUSSY FEEDERS

Horslyx Mint Balancer contains real peppermint oil. The aroma and taste of mint is an ideal appetite stimulant for fussy equines.

JOINT CARE

Horslyx Mobility Balancer can help maintain healthy joints for performance horses that require support for hard-working joints or can be used as an aid for older horses. It contains Glucosamine HCl, MSM, Omega 3 Oils, and a combination of powerful antioxidants.

RESPIRATORY CARE

Horslyx Respiratory Balancer provides a two-pronged approach to supporting a healthy respiratory system. Ingredients such as menthol, eucalyptus, and aniseed support the airways, while the high-specification balancer package helps maintain immunity.

DIGESTIVE SUPPORT

Horslyx Digestion Balancer supports the digestive system from the stomach to the hindgut. Ingredients include Slippery Elm and Seaweed Meal, a source of mucilage.

HOW TO FEED HORSLYX BALANCER

As with any new feed, introduce Horslyx Balancers slowly into your horse's diet. Introduce it for 20 - 30 minutes a day for 5 - 10 days, and then feed ad lib.

Once your horse becomes accustomed to his Horslyx Balancer, you may find his consumption will decrease and the product can be left for him to use freely.

Specially designed wall mounted holders are available for the 5kg Balancer, while 15kg Balancers fit in the floor holder.
